

## **Golden Oval Eggs Announces Royce Tack Retirement, Travis Lubitz Promotion**

April 7, 2005, Renville, Minnesota. President and Chief Executive Officer Dana Persson has announced the retirement of Royce Tack, Product Sales Manager for Golden Oval Eggs.

In making the announcement, Mr. Persson stated, "Royce Tack has been a tremendous asset to our company and he will be missed. Royce joined the Golden Oval Eggs sales team in 2000, but his relationship with our company's growth and success goes back to the company's beginning in 1994. As an outside vendor and counselor, he provided valuable assistance in our business. While we are sad to see Royce retire, we wish Royce and Norma continued success with more time to travel and visit their children and grandchildren."

Mr. Tack is a past recipient of the "Industry Person of the Year" awarded by the Iowa Poultry Association and was awarded their prestigious Lifetime Membership. Mr. Persson stated, "I'm not aware of many people more well-known and respected in the poultry industry than Royce. He has had an admirable career and we are fortunate to have had him as part of the Golden Oval Eggs team." He will retire from Golden Oval on April 30, 2005.

Mr. Tack will continue to hold a sales position with Automated Environments, Inc. (AEI), an industry leader in state of the art egg flow control and environmental monitoring technology since the mid 1980's.

Mr. Persson also announced the promotion of Travis Lubitz to Sales and Logistics Manager. With the company since 1995, Mr. Lubitz is responsible for all aspects of transportation and most recently served as Logistics Manager. In addition to logistics duties, he will assume egg product sales responsibilities. Mr. Persson stated, "Travis has managed the logistics department through significant growth. At times this required his involvement in coordinating egg product sales. Travis has demonstrated his ability to manage this aspect of our business and we appreciate his commitment to providing dependable and flexible service to our customers."

Mr. Lubitz and his wife, Laurie, live in Olivia, Minnesota and have 2 children.

Established in 1994, Golden Oval Eggs is an egg production and processing company based in Renville, Minnesota. Golden Oval Eggs operates facilities in Renville, Minnesota and Thompson, Iowa.

This release contains discussion of some of our expectations regarding Golden Oval Eggs, LLC's future performance. These forward-looking statements are based on our current views and assumptions. Actual results could differ materially from these current expectations and projections, and from historical performance. For example, our future results could be affected by such factors as: the competitive dynamics in the U.S. liquid egg markets and fluctuations in the cost and availability of resources and supplies. Further discussions of these matters and information regarding the restructuring can be found in the securities filings of Golden Oval Eggs, LLC through the Securities and Exchange Commission's Electronic Data Gathering and Retrieval (EDGAR) system at [www.SEC.gov](http://www.SEC.gov).
